Residential Services and Care Standards Review

A review to support members in achieving excellence in residential provision. The review will incorporate the latest revised Ofsted expectations of residential provision and safeguarding arrangements and support institutions in preparing for the care standards inspection.

A one day review to consider all aspects of the residential provision for learners.

Themes will include:

- The effectiveness of leadership and management in relation to residential provision
- The quality of provision and service
- The quality of facilities and resources
- Safeguarding arrangements and the tracking of individual welfare arrangements
- Arrangements to capture feedback from residential learners and the resulting actions taken
