Apprenticeship and work-based learning review

A review of the college management and quality processes for apprenticeship and work-based learning provision.

A one day review of college provision of apprenticeships and work-based learning to support improvements in:

- Planning and delivering an effective apprenticeship and work-based learning provision, including improvement of timely and framework success rates
- Meeting the current expectations of awarding bodies and Ofsted
- Engaging with employers
- Developing and advancing English and maths skills in the work-based learning setting
- Providing a holistic approach in feedback and assessment opportunities in the workplace setting
- Developing a meaningful apprenticeship and work-based review process
