Land Based Colleges  
Aspiring To Excellence

## Estates and physical resources review

Further to the recent Government announcement that the Further Education sector would be subject to a number of efficiency reviews to produce a business case for a more efficient sector, Landex members may wish to consider their estates and physical resource strategies.

### **A one day onsite activity tailored to support leaders and senior management in resource planning and development:**

- A review of all physical resources in relation to curriculum provision.
- Advice on specialist land based provider status.
- Analysis of current campus planning and buildings in relation to short, mid and long term organisational aims.
- Campus master planning – maximising resource utilisation.
- Planning for Health and Safety, and Safeguarding.
