Land Based Colleges  
Aspiring To Excellence

## Funding and Financial Management Review

To support members in light of the current fiscal reviews and cuts facing the sector, Landex offer support to ensure a broad understanding of funding streams and influencing factors for Land based education and training.

**A one day onsite operating and financial review tailored to support leaders and senior management in financial management:**

- Funding systems and modelling
- Advice on specialist land based weighting
- Current and future business development and performance
- Corporate governance and internal controls
- Risk and liability management
