

## Stretch and Challenge Workshop – how to achieve excellence in teaching, learning & assessment

This practical and interactive workshop will focus on methods and approaches that are easy for teachers to plan and use while providing stretch for students to extend their learning.

This session will allow participants to experience active, student centred techniques and strategies in practice and reflect on their application.

This workshop will incorporate:

- Exploring higher order thinking skills and how to plan learning activities that effectively stretch all learners
- Recognising different forms of stretch and challenge
- Evaluating current practice and ways to measure learning and progress
- Coaching learners to develop independence
- Creating and devising stimulating activities for a variety of learners.
