

Observations of Teaching Learning and Assessment

Overview

A one or two day activity tailored to the needs and TLA priorities of the college, working with observers through observation, professional dialogue and critical reflection, to improve quality teaching and learning. This developmental activity may include:

- Joint observations or walkthroughs
- Professional reflection and discussion
- Action planning to maximise impact
- Pedagogical approaches and impacts

Duration

1 - 2 days

Target Audience

Observation / Quality Team / TLA Coaches / Advanced Practitioners etc.
